LAUNCH OF NEW CIVIL, APPEALS AND QUASI-CRIMINAL CASE MANAGEMENT SYSTEM

SAN BERNARDINO, CA—On November 16, 2020, San Bernardino Superior Court (SBSC) will take another large step in the implementation of a multi-year effort to transition onto a new case management system with civil, appeals and quasi-criminal (firearm prohibition matters, Writ of Habeas Corpus, etc.) case types. During the transition period, starting on Friday, November 13 at 9:00 p.m. to Sunday, November 15 at 5:00 p.m., access to the case management system (for all case types) will be temporarily unavailable for the public and our justice partners.

A full transition from the court's legacy case management system (which expires June 30, 2021) requires a great amount of effort from all involved. Given the size of the project, it must be completed in phases and over a period of multiple years. Each of these phases requires stages within it to allow for proper testing, staff training and confirmation of converted cases. The November 16 implementation, which is the third installation, follows the transition of Criminal, Traffic, Small Claims and Landlord Tenant case types. Family Law, Child Support, LPS, and Probate case types are expected to go-live in spring 2021.

The new case management system will provide access to the public via a Portal that will look and feel different. New features include: more search options, expanded hearing functionality, financial information and additional security features. Video tutorial guides and step-by-step instructions will assist the user with navigation (<https://portal.sb-court.org/>) including how to navigate smart search, advanced search, searching for hearings (court calendars) and how to register or purchase documents.

We thank you for your patience during this transition. For additional questions, please contact the district to which your case is assigned.
